

I can buy whatever I want
I got that juice
Spending money like it's the way ooh ooh
Diamonds clear like a lake
So much ice I might skate
Might jump in a range
Then go for a race

Went shopping at Phipps down in Atlanta
You know how they do it down in Atlanta
Oh yeah
Cop that Fendi, Gucci, Louie, Dolce and my red bottoms
Oh yeah
You know I got that confidence
I'm looking like money spent
I make it look so easy
I'm a boss and you know it
I drip sauce and it's foreign uh

Bossin' flossin' making waves like ocean yeah
Water dripping all my diamonds floating
Bust down roll it and it's on me right now
So fine so fly I'm gone

Uhh grown
That's what they call me
Write my own checks want my own path
They see me
Don't need help from nobody
Talk that talk I'm somebody yeah yeah oh ooh oh uh

And you know I got that boss mentality
Always keep it G always stay true
Now watch me stunt (uhh)
When I walk in room you know I
You know I got that confidence
I'm looking like money spent
I make it look so easy
I'm a boss and you know it
I drip sauce and it's foreign uh

Bossin' flossin' making waves like ocean yeah
Water dripping all my diamonds floating
Bust down roll it and it's on me right now
So fine so fly I'm gone
Bossin' flossin' making waves like ocean yeah
Water dripping all my diamonds floating
Bust down roll it and it's on me right now
So fine so fly I'm gone

When they see that though
They come uncomfortable they know
You see me shinning ahh
I've done it all finding everything I want
It shows ooh oh ooh ooh
Oh ah the most is on an island
Steady racking up that mileage

Cause we are fresh without a stylist
Yeah you can't tell me shit

Bossin' flossin' making waves like ocean yeah
Water dripping all my diamonds floating
Bust down roll it and it's on me right now
So fine so fly I'm gone
Bossin' flossin' making waves like ocean yeah
Water dripping all my diamonds floating
Bust down roll it and it's on me right now
So fine so fly I'm gone
