Redlight

Junggigo

To see is believin'
I'm takin' control
Your hands got me shakin'
But I can't let go
What I'm feelin' lately
Is too emotional
Put all aside just for tonight (Tonight)

You say you have no fears
But your eyes won't say the same
If what we have is real
Baby, let me know
Please, just tell me why
Go ahead and show me
What you really like (Hey)

She said come and please me where I feel so alive
No communication it's just me and her eyes
Red light but I can't help myself it's a crime
So don't be catching feelings if you ain't got love for me

Show me your love I don't want it if it ain't true
And she's a pretty thing but I don't want her she ain't you (nah nah)
And girl you put me in the mood
I swear I can't wait to get you alone in this room
Girl, let me adore you Dior you
I just put like 1500 on your feet
I'll do anything for you explore you
You tell me that you love it when I go in deep

(Oh!) All the time you're on my mind
Bonnie and Clyde you a ride we're the perfect two
Too many times you said you'd slide
But you ain't mine so I swear that I can't look at you
She said come and please me when I know she feels alone
But I know you don't need me
Can you stop blowing up my phone

She said come and please me where I feel so alive
No communication it's just me and her eyes
Red light but I can't help myself it's a crime
So don't be catching feelings if you ain't got love for me

우 니가 나를 만질 때
나를 가만히 안을 때
우 너의 숨이 닿을 때
내게 니 손이 닿을 때
우리 둘을 위한 밤
다 잊어버리자
우리가 누군지마저
우린 오늘 미칠 거야
Let's tell the world

(U niga nareul manjil ttae
Nareul gamanhi aneul ttae
U neoui sumi daeul ttae
Naege ni soni daeul ttae

Uri dureul wihan bam
Da ijeobeorija
Uriga nugunjimajeo
Urin oneul michil geoya
Let's tell the world)

She said come and please me where I feel so alive
No communication it's just me and her eyes
Red light but I can't help myself it's a crime
So don't be catching feelings if you ain't got love for me
