My love love is you

I have a good feeling that the first snow will fall
My heart races on this winter night

Let it snow, the weather forecast says it's the first snow
The day snow falls for the first time this year
Did you forget our promise to meet? do you remember?

Love is you, I put on the gloves you gave me
As I'm standing in the place where we saw the first snow
Softly, as if my heart is melting, it's warm

I'm feeling nervous for some reason
Maybe I'm afraid the first snow will stop
As you're on your way to meet me

You, love is you
Should we start?
Words I really want to say today
The moment my eyes meet
Your half-moon shaped eyes
Without knowing, it feels like
I'll kiss you

You, love is you
Will you hold my hand?
Words that endlessly
Make my heart race
Will you appear in front of me and hug me?
You resemble the first snow
My love, love is you

It was love at first sight during the first snow
I wanted to hold your hand and walk on this street

(You and me, just us two) on your frozen cheeks
On your hands, I want to softly kiss you

I'm feeling nervous for some reason
Maybe I'm afraid the first snow will stop

As you're on your way to meet me

You, love is you
Should we start?
Words that endlessly
Make my heart race
Will you appear in front of me and hug me?
You resemble the first snow
My love, love is you

All year, I only waited for today
Do you know how I feel?
I want to be brave and confess to you, I love you

First encounter, first feeling, first date
The world is white and you are by my side
Should we walk together? should we eat?
Whatever we do is good tonight
Let's pop that champagne
Let's say love is a canvas, you draw me and I'll draw you
On this white world
You're so pretty, I can't help but love you
When you look at me like that
With your red cheeks

You, love is you
Will you hold my hand?
Words that endlessly
Make my heart race
Will you appear in front of me and hug me?
You resemble the first snow
My love, love is you
