

Death Squad

Jungle Rot

The masses hostile
Panic on the rise
Madness permeates
Those who oppose will die

Unprovoked aggression, submission assured
Political repression, the rules obscured
Public executions, lawless protocol
Everyone's a target, no quarter for all

Extrajudicial
Unsanctioned force
Abduct, torture, kill
Enemies of the state

Bureaucratic carnage and violent beatings
Only follow orders, but who pulls the strings?
Corruption pervasive, remorseless and smug
A legion of cruel, unaccountable thugs

Refuse to negotiate, eliminate the scourge
Crush the opposition, yield to the death squad

Government involvement, the rules don't apply
Deny participation, we know that's a lie
It's hard to stand tall and have self-respect
With a gun in your mouth and a boot on your neck

Refuse to negotiate, eliminate the scourge
Crush the opposition, yield to the death squad
