

Stay Dead

Jungle Rot

Half dead and half alive
Putrid and bleeding, my body revived
Stiff, cold, rotting shell
Corrupt, straight from Hell

Dead flesh, moldy and grey
Long passed the point of decay
You thought you had a chance
And yet, we still advance

We will not stay dead
We will not stay dead
We will not stay dead

Compelled, in hot pursuit
Shambling, enduring, nefarious brutes
Crumbling skin, sloughing away
You humans are such easy prey

No one can end our reign
Cruel, inhuman and driven insane
Half dead and half alive
Consuming flesh to survive

We will not stay dead
We will not stay dead
We will not stay dead
We will not stay fucking dead

Hunger
Driven by impulse
Undead
Immortal sickness
Rotten
Decayed flesh stinks
Ravenous
Pure motorized instinct

We will not stay dead
We will not stay dead
We will not stay dead
