

Triggered

Jungle Rot

There's only so much one can take
Before his mental health will break
Pushed to the point of no return
Your principals not my concern

Thrill of the kill, desire fulfilled
Triggered to violence!
Wielding my knife, disgusted with life
Triggered to violence!
Triggered to violence!

Your ideals clash with mine
Our moral values don't align
I don't agree with what you say
So I will take that right away

Thrill of the kill, desire fulfilled
Triggered to violence!
Wielding my knife, disgusted with life
Triggered to violence!
Triggered to violence!

Revile your absurd laws, your dogma turns to dust
The code does not apply to me, I'm ready to combust
I need not your doctrine, to teach me right from wrong
To survive, that's my aim, and has been all along

Thrill of the kill, desire fulfilled
Triggered to violence!
Wielding my knife, disgusted with life
Triggered to violence!
Triggered to violence!
