

# Twisted Mind

## Jungle Rot

Lunacy your fate  
Logic dissipates  
Mental disorder invades your grey matter  
Illusion of bliss, your sanity shattered

Paranoid despair  
Awake in your nightmare  
Jumping at shadows, things that aren't there  
Visions of violence and total despair

Supreme unreason  
Sorrow confined  
What's going on inside your twisted mind

Pupils dilate  
Rapid heart rate  
Murderous craving, psychotic urge  
Billions of humans are ripe for a purge

Foreboding dreams  
Of universal screams  
Clouding your mind, irrational thought  
Contented one minute, the next you're distraught

Complete dementia  
Madness defined  
What's going on inside your twisted mind

Neurons ignite  
See the world with delusional sight  
Disturbed delight  
Blurring the boundaries between wrong and right
