

# Come Back A Different Day

Jungle

I've been dreamin' nothin', nothin'  
Nothin', nothin'

Come back a different day  
If you wait  
Day, night  
Sunshine finds you

Different times  
Different lives, yeah  
Oh now, now  
Did you think you could change it?

I don't know, I was just laughin' away  
Hidin' there  
Come back a different day

Yes, you wanted to feel that  
Only moonlight would get in your way  
Day, night  
Sunshine finds you

Different times  
Different lives, yeah  
Oh now, now  
Did you think you could change it?

I don't know, I was just laughin' away  
Hidin' there  
Come back a different day

Anyway  
Come back a different day

I've been dreamin' nothin', nothin'  
Nothin', nothin'  
Come back a different day  
Get in your way  
I've been dreamin' nothin', nothin'  
Nothin', nothin'
