

Every Night

Jungle

I wrote a letter to my love
There ain't no politic to us
'Cause all I care about is being in your arms again
Keep on this aeroplane of love

Ooh, yeah, I want you to myself
Ooh, I can't tell you how I need you
Ooh, if I'm standing by myself
Just wrap your arms around me

Every night
Just hold me tight
Every night
Just hold me tight
Every night
Just hold me tight
Every night
Every night

I wrote a letter to my love
There ain't no politic to us
'Cause all I care about is being in your arms again
Keep on this aeroplane of love

Ooh, yeah, I want you to myself
Ooh, I can't tell you how I need you
Ooh, if I'm standing by myself
Just wrap your arms around me

Every night
Just hold me tight
Every night
Just hold me tight
Every night
Just hold me tight
Every night

Just wrap your arms around me
Just wrap your arms around me
Just wrap your arms around me

Every night
Just hold me tight
Every night
Just hold me tight
Every night
Just hold me tight
Every night
Just hold me tight

Every night
Relax, I'll take my chances
Every night
Relax, I'm coming home
Every night
Relax, I'll take my chances
Every night

Relax, I'm coming home
Every night
