

## GOOD TIMES

### Jungle

Morning dew  
Vaporised  
Rays of sun  
Blinding my eyes  
I feel alive

Good times  
(Don't you leave me now)  
You'll find  
Good times  
(Got me crying out)  
Down in the street

Lights out  
Super power (Super power)  
You can't hide  
From what you gotta do  
Light up  
The Eiffel Tower  
It feels like  
There ain't nothing to lose

Good times  
(Don't you leave me now)  
You'll find  
Good times  
(Got me crying out)  
Down in the street

Lights out (Lights out)  
Super power (Super power)  
You can't hide  
From what you gotta do  
Light up (Light up)  
The Eiffel Tower (The Eiffel Tower)  
It feels like  
There ain't nothing to lose

Good times  
(Don't you leave me now)  
You'll find  
Good times  
(Got me crying out)  
Down in the street

(Good times)  
Lights out  
Super powers  
You can't hide  
From what you gotta do  
(They're trying)  
Light up  
The Eiffel Tower  
It feels like

Don't you leave me now  
Got me crying out

Down in the street

Good times  
(Don't you leave me now)  
You'll find  
Good times  
(Got me crying out)  
Down in the street

Good times  
Good times  
Good times  
Good  
Down in the street

Good times  
Good times  
Good times  
Good  
Down in the street

Good times  
Good  
Times, good-good  
Times, good
