

# Keep Moving

## Jungle

Unless you understand it, then find out what to do  
Don't think about it, I'll be running with you  
If I can't understand it, I'll find another way  
Keep moving, keep moving

Keep moving, keep moving  
Keep moving, keep moving

Bad avenue  
If you're coming like that, then it's really 'bout time you know  
In a new house, in a new place  
If you change  
Keep moving, keep moving

I can hear the alarm  
I won't take it much longer  
(Keep moving, keep moving)  
Ah, you're breaking my heart  
Thanks for making me stronger  
(Keep moving)

So you think you'll find the truth?  
If you change  
When you're livin' like that, you can spin around town you know  
In a new house, in the UK  
If you change  
Keep moving, keep moving

I can hear the alarm  
I won't take it much longer  
(Keep moving, keep moving)  
Ah, you're breaking my heart  
Thanks for making me stronger

I can live with it, I can live with it all  
I can live with it, I can live with it all  
I can live with it, I can live with it all  
I can live with it, I can live with it all

Unless you understand it, then find out what to do  
Don't think about it, I'll be running with you  
If I can't understand it, I'll find another way  
I could live with it, I could live with it all

Keep moving, keep moving  
Keep moving, keep moving  
Keep moving, keep moving  
Keep moving, keep moving
