

Quod oculus dum video
Et auribus dum audio heu
Pro tandis gaudiis
Tantis inflor suspiriis

Tu saltim, veris gratia
Exude et considera frondes
Flores et gramina
Nam mea langoest anima

I see it with my eyes
I hear it with my ears
But in my heart are sighs
And I am full of tears

Do thou, O Spring most fair
Squander thy care
On flower and leaf and grain
Leave me alone with pain
