

Last Days

Junior Kelly

Wars and wars and wars and wars
Yeah a' pure lords y'nuh
Fighting for a piece a' di pie
Yeah everybody wan' their health
Salvation is di key, di product of all life
And a mi go so..
Ay ay a ay ay
Mmmmmmm
Aya aya ya ay
Then mi go so
Ay ay ay ay
Mmmmmmm
Ay ay ay ay ay

We're living in the last days, last da-a-ays
A' it we living in
Mi sing again, last days, last da-a-ays
A' nuh caught up in sin

Everywhere mi go is just pure genocide
Babylon a' tek dem pon dem joyride
Man a' dress up like woman bareface and nah hide
And by the Holy Book mi say nuff nah abi-i-ide
Who nuh wan' fi hear di message step aside
Me a' Babylon target but Kelly him nah hide
Prostitute dis a' di truth, beg unu swallow unu pride
'cause unu can hide from man but from Jah, Jah you can't hide

In the last days, last da-a-ays
A' it we living in
Mi sing again, last days cooyah, last da-a-ays
So nuh caught up in..

A' bare ethnic cleansing and civil unrest
Tropical storm yuh know a earthquake next
Volcano erupt yuh know di Father vex
When you hear di tornado knocking at your doorstep
Blood and famine a' nuff a' ask Jah why mek
Nuff a' run left dem riches not to mention asset
It can't save you inna di..

..last days, last da-a-ays
A' it we living in
Mi sing again, last days cooyah, last da-a-ays
So nuh caught up in..

A hear mi come an' say..

Ay ay ay ay ay

Mmmmmmm

Ay ay ay eey ay

Then a' mi go so

Ay ay ay ay ay

Mmmmmmm

Ay ay ay ay

It's gonna be weeping and wailing
Gnashing teeth and gum

Babes having babes, blood nah stop from run
Man a' shot who fi get shot gun who fi get gun down
Leaders of the world get this in your cranium
A' come mi come fi seperate di apples from di plum
Nah stop chant till there is no war up a' ground
Give sight back to blind and give di words back to the dumb
Some high after crack cocaine, high off a' opium
But mi high off a' Jah that's why blessing a' shower down
Let go wickendess and then just run come come
[Chorus]
Cah we' living in the last days, last da-a-ays
A' it we living in
Mi sing again, last days cooyah, last da-a-ays
So nuh caught up in sin

Everywhere mi go is just pure genocide
Babylon a' tek dem pon dem joyride
Man a' dress up like woman bareface and nah hide
And by di Holy Book mi say nuff nuh abi-i-ide
Who nuh wan' fi hear di message step aside
Me a' Babylon target but Kelly him nah hide
Prostitute dis a' di truth, beg unu swallow unu pride
'cause you can hide from man but from Jah you can't hide

In the last days, last da-a-ys
