Stranded on an Island Alone

Junior Senior

There were times
You made me glad
And there were times
You made me sad
We had fun
And it was just last night
But now I'm stronger now
And you do look better
Yes I'm stronger now
And you do look better
There were times
You made me glad
And there were times
You made me so sad
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
In the past
I felt ashamed
For not crooning you
I still feel ashamed
But the past
Was not to last
I am stronger now
Are you getting better?
Are you stronger now?
Are you getting better?
But in a way
I feel ashamed
'Cause everything is good right now
Yes I feel ashamed
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
C'mon baby, let's go out together
Just for one last dance
Get together, get together
For the very last time
Get together!
Hey! Don't think too much about it
Hey! Don't think too much about it
Hey! Don't think too much about it
