

Baton

Junip

Whoa now, pass the baton
You've been holding, holding, holding it for too long

Hold now, pass the baton
You got stuck with it
Stuck with it now since the dawn
Come on pass it on

You grew out of your suit
Come circling back
Around now as a recruit

You say, you say, you say, you say you can
You say you can do it
You say you'll get through it
Come on pass it on
Pass it on, pass it on

Whoa now, pass the baton
You've been holding, holding, holding it for too long

Hold now, pass the baton
You got stuck with it
Stuck with it now since the dawn
So come on pass it on
Pass it on, pass it on
