

Concrete Ocean

Juniper

I looked down on
A concrete ocean
With no notion
Of where I'm going

I'm far away
From those
That I call home
There's no one else on my Abbey Road

And when I drown
May it be in loneliness
We've already gone over this
And it feels so empty

I'm far away
From those
That I call home
There's no one else on my Abbey Road

I stand in the tow zone
Who the f*ck talks to me anymore

I'm far away
From those
That I call home
There's no one else on my Abbey Road
And I feel slow

(Vocalizing)

I looked down on
A concrete ocean
With no notion
Of where I'm going
