

# Off the Wall

Juniper

Splash some cold water on my face  
Being dragged out, called a hopeless case  
Step out, step in  
Now I'm five dollars thin

Get up, come dance, jump on your feet  
Girl you know I love it when you come onto me  
The night is young, call it first inning hun  
Anything to keep me off the wall

Come and hang with me  
And not stop til three  
I've never felt like this before  
You don't just speak to me  
You mesmerize me  
And now, you've got me on the floor

Get up, come dance, jump on your feet  
Girl you know I love it when you come onto me

The night is young, call it first inning hun  
Anything to keep me off the wall

Get up, come dance, oh jump on your feet  
Girl you know I love it when you come onto me  
The night is young, call it first inning hun  
Anything to keep me off the wall (Yeah)

Come and hang with me  
Let's not stop til three  
Keep me off the wall  
Come on hang with me  
Don't stop til three  
Oh baby, keep me off the wall  
Oh baby, keep me off the wall  
Keep me off the wall
