

What a golden guru
The one I need
The golden guru
Speaks with ease

Lou shada lou shadow lou
Is the problem and the key
He said lou shada lou shadow lou
Let the moment set you free

What a golden guru
The one to meet
The golden guru
Who moves so gracefully

He said lou shada lou shadow lou
Is the problem and the key
Lou shada lou shadow lou
Let the moment set you free

What a golden guru
One above all need
The golden guru
Bloom will bring

Lou shada lou shadow lou
Is the problem and the key
Lou shada lou shadow lou
Let the moment set you free

What a golden guru
Who guides me true
Golden guru
The long overdue

Lou shada lou shadow lou
Is the problem and the key
Let the moment set you free
