

## Let It Pass

Júníus Meyvant

Here I am, still like stones  
Trying to get me moving on  
Man, I bleed for new age need  
To make me whole inside

Let it pass, let it pass  
Break away my brother  
Let it pass, let it pass  
You're out of sight

Here I am, running hot  
A silver-stacking money hog  
Need the key to man in me  
To make the best of the night

Let it pass, let it pass  
Break away my brother  
Let it pass, let it pass  
Break away my sister  
Let it pass, let it pass  
You pass it on to others  
Let it pass, let it pass  
Don't make a run for the night

Let it pass, let it pass  
Break away my brother  
Let it pass, let it pass  
Before you pass it on to others  
Let it pass, let it pass  
Break away my sister  
Let it pass, let it pass  
Before you lose all sight
