

Afraid, I don't ever wanna be this way  
I'll bite my tongue with the mess I made  
Can't tell you how I'm feeling lately?  
One kiss, touché, you're known to get what you want  
You tell them all that I'm different  
They don't know the things that you've done  
Your secret's safe with me, tell me who I'm made to be  
I can be your everything and play my role so graciously, oh  
I'll be your everything, I'll be your everything  
Just give me anything, I swear I'll be your everything

Your secret's safe with me, s-s-s-safe with me  
I could be your everything, e-e-e-everything  
I'll be your everything, one kiss, touché  
Just give me anything, I swear I'll be your everything  
Your secret's safe with me, s-s-s-safe with me  
I could be your everything, e-e-e-everything  
I'll be your everything, one kiss, touché  
Just give me anything, I swear I'll be your everything

Uh, why this bitch acting brand new?  
Take her out the projects, what I can't do  
Ch-ch-ch-choo-choo train, hoes ran through  
Labels in my motherfuckin' hell like Cantu  
I could have your ho in my bed, busting dance moves  
Said you with the who? Motherfucker, we used to pants you  
I'd let you eat my heart if you teach me how to handle  
Take my soul and leave my body on the mantle

Don't you care 'bout us? Don't you care 'bout us?  
Don't you care 'bout what we had?  
Why'd you stab my back? Why'd you stab my back?  
How'd you throw out the knife that fast?  
Ex-boyfriend dead, ex-boyfriend dead  
(We could leave him in the) Past  
Mhm, yeah

I'm too up to do a run around  
And while you talking out your ass, bring your son around  
My big brother kicked the cup and took the punter route  
Slide a .50 in the 50, bring the gunner out  
Medusa, Medusa, look into the eyes of a muhfuckin' Medusa  
Intruder, intruder, peel a top back hole in him like a hula hoop  
Roll me up, p-p-p-pour me up  
Get a job, broke boy, jabronie, uh  
In a T-TX, Antonio  
If love is a drug, PPS, I need more of her  
You should've never let the ho take control of ya  
Hold my hand through the storm, won't let go of ya  
I won't tell nobody else 'cause I told ya

Your secret's safe with me, s-s-s-safe with me  
I could be your everything, e-e-e-everything  
I'll be your everything, one kiss, touché  
Just give me anything, I swear I'll be your everything  
Your secret's safe with me, s-s-s-safe with me  
I could be your everything, e-e-e-everything

I'll be your everything, one kiss, touché  
Just give me anything, I swear I'll be your everything
