

fall apart

juno

If I fall apart, will you rescue me?
If I lost it all, is that it for us?
I want to believe you're what's best for me
The last time I gave up my trust, well

It cost me a lot, I can't do that again
Don't throw me in the deep end, expect me to swim
While the tide's getting higher, the wave's coming in
If I put all my faith in you, caution to wind
Am I ready for that? I don't know, I don't know
I'm too fucked up right now, I can't answer my phone
I got pink pills and crystals and bags full of blow
In the back of the bathroom, I feel so alone

But I love you, I love you
I can't recollect the first night that we met, but I love you (Oh-oh-oh, oh-oh, oh-oh-oh)

If I fall apart, will you rescue me? (Will you rescue me?)
If I lost it all, is that it for us? (Is it it for us?)
I want to believe you're what's best for me
The last time I gave up my trust, well, it

I can't go back home, all my friends think I'm crazy
I love you, I love you, I love you, I
I can't prove them wrong, I've been losing it lately
I love you, I love you, I love you, I

I was younger back then
I took one wrong turn and I lost all my friends
It's so typical, lost my self-control
Now I'm someone I wish I had known
Now I walk in, they know my name
I wish I could tell my friend how much she is missed
I can't lose my life, way too much at risk
Told my mom I can't die before she gets rich

Oh, and I feel so alive
I love you, I love you, I love you, I
I let go of my fate, give it all to moirai
I love you, I love you, I love you, I

If I fall apart, will you rescue me? (Will you rescue me?)
If I lost it all, is that it for us? (Is it it for us?)
I want to believe you're what's best for me
The last time I gave up my trust, well, it

I can't go back home (No), all my friends think I'm crazy
I love you, I love you, I love you, I
I can't prove them wrong, I'm obsessed with you lately
I love you, I love you, I love you, I (Is it it for us?)

I love you
I love
But I love you
I love you

I don't have money for a Lunchables
You don't get it, I don't have it (No, seriously, I can pay for you)
But I can't afford to pay it
You don't get it, I don't have money
You don't get it, I do not have money
I'm not gonna have money in a day
I'm not gonna have money in two days
I'm not gonna have money in a week
I'm not gonna have money
