Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh

I think I'm losing it  
We come back here like every time, why are we doing this?  
You say fuck me then fuck you, wait, chill out, I love you  
Put nothing above you, I swear that I mean it, I don't  
We told them all it was perfect  
Well, in the end, was it worth it?  
White lies turn to longs nights wondering why  
I guess I'll see you in the next life

Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh  
Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh

You told me Sunday you were leaving  
You packed your bags, say goodbye, 'cause you're heading off  
Still hoping someday that you leave him  
I guess that some would say you're better off  
I gave you all that I could, but it was never enough  
But I hoped that it would be  
You said it's all for the best, you don't seem that impressed  
I'm not saying you should be

Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh  
Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh

Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh  
Oh-oh, oh  
Ooh, woah-oh  
Ooh, woah-oh
