Back Home

Juno

I've been lost for so long
Tryna find my home
Looking for a place I'd see myself going home yeah
But no matter where I go
No matter where I home
Ain't no home as long as she's gone gone

I'm coming back home
Yes I am
I'm coming back home again

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

Yeah yeah

June 25 start to think about where to settle down
Maybe it's going too fast to ready now
But all I know right now is that I need
You going hanging next to mine
Wanna see your face when I wake up
Everyday
Yeah

So now I'm coming back home
Yes I am
That's why I'm coming back home again

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

I've been to so many places
So many things I've seen
But there is really no other place that
I've rather be oh
Cus home is where you are (where you are)
But I'm so far away (take me home)

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

Shawty that you know that I feel just right at home
Wherever I go with you but
Just wanna spend my life with you
Wherever as long as you're there

I'm coming home
