

We Against

Jupiter

The world was made for people of authority
Nobody's aware
The truth hidden, and people are mind-controlled
We will never know

What is truth and what are lies? (Doubt)
Don't be afraid (Believe in myself)
Justice must not be forgotten (Save)
Don't be fooled (It's not over yet)

Paralyzed by sensation and they are empty
Nobody's aware
Broken heart, everything was taken away
We will never know

What is truth and what are lies? (Doubt)
Don't be afraid (Believe in myself)
You should never throw away your pride (Save)
Don't lose (It's not over yet)
