

5th Dimension

Just Friends

Ha ha ha ha

Domesticated from the ground, up (ground up!)
But I don't needa break these chains
Cause I could slide em off (slide em off, slide!)
It's a lady with ambition (huh?!)
Bringing fire out the kitchen (out the mothafa mothafa!)

Women raised like cattle all around the world
Blind loyalty they label unconditional love
Girl you're better than that (hu!)
Lemme tell you where it's at (ha!)
Shift the power of your focus to your cash (money money!)

I got my pockets flowin'
I got my mind up on it
I got discernment on my side
Don't fuck with the redundant

Body is a portal from the 5th dimension
Ain't got time for these fucky minute men
Who common as the US dime

Tell em, tell em
Tell em what you wanna say!
Get up and get on
And get out the way!
Tell em, tell em
Tell em what you wanna say!
Get up and get on
And get out the way!
Get out the way

Uh-uh chico, tu no estas listo pa todo esto
Para todo esto?! Nu-huh

(Get out the way)

Chico no está listo
Chico no está listo
Chico no está listo
Chico no está listo
Chico no está listo, chico no está listo
Chico no está listo
Chico no está listo, chico no está listo
Chico no está

And now we must continue our journey
Through the valley of love
This is the moment
This is everything

Aserrin, aserran
Los maderos de San Juan
Piden pan, no les dan
Piden queso, les dan un hueso
Se les atora en el mérito

Pescuezo, pescuezo
Quiere mi pan y queso
Se le atora en el pescuezo!

Me dice malcriada pero no me conoce (oh!)
Despistao cuando lo destroce, ha!
Soy como el esmoke (yeh yuh!)
Y tu?
Camino as ser un pinche joke, hu!

(Get the fuck, fuck, aaahhh!)
(Uwhh!)
Jipi kai ey mothafucka
