

## Fever

Just Friends

Think I gotta fever  
I can barely sleep much  
Runnin through my mind all day  
Nobody else can keep up  
Would you be my baby? (Ooo ooo)  
And I ain't talkin Bieber (nooo ooo)  
Think I gotta keeper  
Each and every feature  
Had to step my steez up  
Looking around Thinkin about what I do to deserve you  
My karma must be real cool  
Your ex must be a damn fool

I said momma I hate to be that dude  
Got me walkin around dancing like I'm damn rude  
Somehow vacation in the living room  
Got me scratchin and achin off a sample  
I follow any rules  
I follow any rules

Said I got a fever, I'm burning for you  
Said I got a fever, I'm burning for you  
Said I got a fever, a million degrees  
I've been burning so bright, everybody can see

I've been going crazy lately  
You give me a fever, baby  
I've been burning thinking 'bout you  
I like you  
For so many reasons  
Be my love  
Love me for all seasons  
Fever creepin' up, mama, take me to the doctor  
She can't bring me down with no meds, no holy water  
'Cause I like being this hot, hot, hot  
Reminds me of what we got, got, got  
I know my heart, my soul, my mind  
They're telling me it's true  
Being hot in love with you is all I wanna do  
All I wanna do

Fever fever made a catch  
Fever, I got a Fever
