

JUMP

Just Friends

Feeling
All I want is feeling
When I'm out on the floor
I don't need anymore

Dancing
Everybody's dancing
So I'll let myself go
And melt into the floor

When the beat comes in, feel it on my skin
It's a night for the people to love and sin
I can feel it too when I look at you
Baby, hold me and don't let it end

Everybody jump!
Everybody jump!
Everybody jump!
Everybody jump!

Awuuuuu yea!
In the rocket, land at the concert (uh)
A flying saucer, we rode up on it (yee)
We really rocking, we're supersonic
My heart is burning, just like a comet (comet, uh!)
The van's got rockets
And through the universe we're cruisin (woo)
We can't stop it, until the party planet's groovin (uh)
Future music, and everybody's booties movin (thank you)
In the sky, it's you and me and everybody

Everybody jump!
Everybody jump!
Everybody jump! (woo)
Everybody jump! (yeeeeeeeeaaaa!)

Everybody everybody
Everybody

Everybody jump!
Everybody jump!
Everybody jump! (c'mooon)
Everybody jump! (come ooon!)

Awwwhhh (awwhhh), awwwhhh (awwhhh)
Awwwhhh (awwhhh), awwwhhh (awwhhh)
