

Normal Me

Just Friends

Left me with something I'll never fix
Hope you like it
Send service letters 2 my shaken heart
You know me, It won't be very far

I didn't cut it
I'm not that impressive
And that makes me nothing
I know that you love it
And I'm dead, so far from the normal me
And I'm done is this what it's gonna be?
If you've got something 2 say
Then say it 2 my face
Backstabber
Your word holds no weight
No way
