Just Friends

I looked on the inside
I don't like what I find
But that's just alright

Can I ask you
How did you get so blue?
Because I got blue
Living a life without you

Colors come and go
But grays just feel so old
If colors come and go
I hope you get back 2 gold

Black and blue
Just like you
Well what am I supposed 2 do?

Rain, rain, rain
Came back 2day
Washed all my
Paint away
If roses are red
And violets are blue
Don't forget me
'Cause I won't forget you

I can't expect anything
Please tell me that you won't forget me
