

Supersonic

Just Friends

You make me feel supersonic
The way you move is so hypnotic
Love's my illness and it's chronic
Whatever you want yo girl I'm on it

Where you off to now
Come on back to bed
Why bother to work?
Stay with me instead

How you feelin?
Supersonic

You make me feel supersonic
The way you move is so hypnotic
See the sharks
Life Aquatic
Whatever you want yo girl I'm on it
