

## Paradise (Lost & Found)

Just Jack

Hangin about in the sun  
With prozac Annie and the schizo alcoholics  
The sharp edged shadows  
And these mad electronics  
The barbeque's burning  
With the moon-ray sensations  
I'm lying on my back  
And watching cloud formations  
Trying to see the beauty  
Minus the black inside  
She told me people came here  
To get drunk before they died  
Too many problems  
And not enough solutions  
Ms. Monroe is in the bathroom  
Taking care of her ablutions  
Hiding myself behind illusions  
Stand back and watch the evolution  
Of the secondhand lives your using  
So many fucked up souls  
In this locality  
I need the choice of some  
Relative banality  
The raw twistings of your mind spewing forth  
As you stare at me  
Is fucking scaring me

Paradise lost and paradise found  
I'm just trying to keep my feet on the ground  
Paradise lost and paradise found  
And I'm just trying to get lost in my sound  
Paradise lost and paradise found  
I'm just trying to keep my feet on the ground  
I'm just trying to keep my feet on the ground

Storms rage across  
Metallic skies  
Reflecting in the multi faceted eyes  
Of lazy buzzing flies  
The heavens collide  
In primeval cacophonies  
I contemplate my demise  
And hope the gods are appeased  
A long distance love affair that's alive  
But barely breathing  
A thousand times I thought about leaving  
Giving all this up  
And put myself at your mercy  
But still scared to death  
About the fact you might hurt me  
Instead I came here  
And became an agony uncle  
And now I'm saddled with this  
Freaky carbuncle  
Who's stalking me forcefully  
And I'm begging her  
Please let me go about my business peacefully

Let my days flow seamlessly  
Cos since you've been around  
Everything's got so messy  
You stress me  
God bless me and test me  
Daily

Well it's the original tales of the unexpected  
You thought I couldn't do it  
Now stand corrected  
Cos I'm connected  
To every nerve ending  
Cerebral cortex messages  
I'm sending  
There's two sides to every story  
Black and white  
The day and night  
Wrong and right  
And the paradise lost and found  
All inside this sound
