So Close / So Alive

Just Surrender

It looks like you need some company
Your face is wearing such misery
I'll stay right here with you if you want me to
(I want you to)
And if our worlds collide
A smile I'll sure provide
I'll turn your fantasies into something real
Just let me get inside

To the top and nothing's going to stop us
No roots or chains are going to hold us
Today will be the day we reach the sky

So long to things that dreams are made of
So close that you can almost taste it
Today will be the day we reach the sky

I like the way you look tonight
Your dress has drawn me to your eyes
I know that it's a stretch but would you let me stay
(I'll let you stay)

You've got me in a trance
And if you take a chance
I'll make your memories into something more
Just open up your eyes

To the top and nothing's going to stop us
No roots or chains are going to hold us
Today will be the day we reach the sky

So long to things that dreams are made of
So close that you can almost taste it
Today will be the day we reach the sky

You know that I will be next to you
When morning comes I'll still be true to you
(You say you'll never leave)
And I won't dear
(But how can I believe)
Just trust me please
(I can't explain how much I need you)
Don't say a word,
Your body will speak for you
(You can be the reason I'm alive)
You're already everything I've got
(Hold me close, keep me on my toes)

To the top and nothing's going to stop us
No roots or chains are going to hold us
Today will be the day we reach the sky

So long to things that dreams are made of
So close that you can almost taste it
Today will be the day we reach the sky
