

Antidepressant

Justin Bieber

Talk about an, talk about an, talk about an, talk about an
Yeah, yeah, yeah

You're more than inspiration (that's right), for every situatio
n (uh-huh)

You make me lose my patience (yeah)

No I can't stand the wait, I need you asap (asap)

When you come around I ain't never going 'bout my way (my way)

I hope you understand that (yeah)

You bring out the best and leave the negative

After I've just had the worst day

Who you love is actually irrelevant

And you should be prescribed for every case

My antidepressant baby (oh woah, hey hey)

My antidepressant baby

Oh, you make me smile when I wanna frown, oh yeah (oh yeah, oh
yeah)

I'm so blessed to be in your presence (I'm so blessed)

So modest you ain't worried about fame (about fame)

Reminded that you're needed, of essence

So effortlessly, you're amazing

Conversations so engaging (go on)

Talented, so entertaining

You win me over and over again, yeah

My antidepressant baby, (too slow?, oh woah, hey hey)

My antidepressant baby

Oh, you make me smile when I wanna frown, oh yeah (that's right

You're more than inspiration (let's go), for every situation (f
