Yeah, I got a PHD
I don't need a fake ID
Yeah you females know of me
I'm so sick with no IV
J to the U to the S to the T
Bieber fever's in the street
Time to realize
I'm a beast, I'm a beast, I'm a Beast
Say it 3 times cause they know it's right
Catch this virus in the night
I know it's uncurable
It's durable
But it's alright
Bein' this bad across the globe
Been every single home
Every city
Every country
Every girl is on the phone
(Oh my gosh I love him. Isn't he perfect?)
You can be my queen, yeah
I'll show u how I work it
How I work it
How I how I work it
How I work it
How I how I (work)

This is not a cold,
Not a flu
Not a sickness
Baby this is good
And it doesn't hurt to get this
You were never cured

And you never will regret this
Yeah, my swag's up
Riding with Kenny
In the Lexis

Oh My God
It's bieber fever
It's everywhere
It's taking over the water
It's taking over the air streams
You can not run from it
You can not hide from it
That's why we call it
BIEBER FEVER!
