

# Everything Hallelujah

Justin Bieber

Good morning, caught us dancing in the sunrise  
Baby's crawling on the floor  
And we don't have to go to Mississippi  
Bring the river to your side  
Baby, we find love in these moments  
We don't even have to try  
I could sing a song but the words just wouldn't do  
So I said hallelujah, hallelujah, baby  
Uh

Let's take a walk, hallelujah  
Sun is out, hallelujah  
I'm kissin' you, hallelujah  
Dream of you, hallelujah  
Look at you, hallelujah  
I'm lovin' you, hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah

Remember times I was stranded all alone  
Feelin' left out to dry  
Now we circle back with tears in our eyes  
Singing, hallelujah, hallelujah, baby  
Somehow I could reach across your mind  
I would pull out all the hurt  
Try to write this song but my words just wouldn't do  
So I said hallelujah, hallelujah, baby

I'm kissin' you, hallelujah  
Dream of you, hallelujah  
Look at you, hallelujah  
I'm lovin' you, hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah

Mom and Dad, hallelujah  
Hailey, babe, hallelujah  
Baby Jack, hallelujah  
Oscar, Piggy, hallelujah  
Brand new day, hallelujah  
Brush my teeth, hallelujah  
Take a swim, hallelujah  
Everything hallelujah  
I said hallelujah  
It's beautiful, hallelujah  
It's rainin' hallelujah  
Breathe the air, hallelujah  
I'm singin' like hallelujah  
Dancin' like hallelujah

Everything hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah

Everything hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah  
Everything hallelujah
