Justin Bieber

Dear princess, dear darling  
I promise I will be your prince charming  
I know that you want the perfect wedding  
You deserve a story book ending  
You deserve the best baby, oh, yeah, yeah  
Tell me where you wanna go, I can take you there  
We can fly across the globe baby don't be scared  
Don't be scared, baby don't be scared, no, no

You deserve a story book ending, fairytale, fairytale  
You deserve a story book ending, fairytale, fairytale

Let's take a ride, let that air hit you  
Look in my eyes, let that stare hit you  
Put my hand on your cheek let that fair hit you  
Cause you gonna be scared  
When you know that I ain't there with you  
But girl, when it comes to love it isn't true that less is more  
If I'm away girl and you miss me  
That's what jets are for, yeah  
So just call me if you need me  
I can be on a G6 in an hour baby, it's easy for real  
Anywhere you wanna go we can go there  
If you there, that's cool cause you're there  
Got money to blow there, woah there, slow there  
That's no fair  
I'm no Joe Blow cause I'm so that

I'm no whisper I am so clear  
I spit stars upon that solar  
I stay fly, don't go below that, oh yeah  
Oh yeah, yeah, oh yeah, oh yeah, yeah  
Oh yeah, yeah, oh yeah, oh yeah, yeah

Rapunzel, Rapunzel, please lay down your hair  
Cause the way that you're dropping, it's making me stare and  
I know that you're rocking, those jeans that you wear  
Them curves got me going insane girl I swear, ha  
Anything you wanna do we can do that  
When you walk by he's like, "Who's that?"  
Like, "Damn, wanna do that",  
Who knew you two would do that  
I mean all that  
Capture this moment like kodak oh yeah, oh yeah  
Tell me where you wanna go, I can take you there  
We can fly across the globe baby don't be scared  
Don't be scared, baby don't be scared, no, no

You deserve a story book ending, fairytale, fairytale  
You deserve a story book ending, fairytale, fairytale  
You know that, you know that, you know that  
You deserve a story book ending
