

# Maria

Justin Bieber

Justin Bieber's, Pop star Justin Bieber, denied he fathered a child,  
There's a lot of good that comes with celebrity you know that,  
Ya,  
There is also a pretty white hot spotlight,  
Of course,  
And you've found yourself under it recently,  
Ya,  
Some headlines,  
Set the record straight none of it is true,  
Do you know this woman?  
Never met the woman  
No,  
So,  
Alright well obviously this is what comes along with, uh,  
Exactly,  
Life in the fast lane as they say...

She says she met me on the tour  
She keeps knocking on my door,  
She won't leave me, leave me alone  
This girl, she wouldn't stop,  
Almost had to call the cops  
She was scheming, ooh, she was wrong

'Cause she wanted all my attention  
And she was dragging my name through the dirt, no  
She was dying for my affection  
But she got mad 'cause I didn't give it to her  
I'm talking to you

Maria, why you wanna do me like that?  
That ain't my baby, that ain't my girl  
Maria, why you wanna play me like that?  
She ain't my baby, she ain't my girl

But she talking in and she needs to quit it  
'Cause I never hit it, so I know she's not mine  
That ain't my baby, that ain't my girl  
'Cause she's wildin out, what she talking about?  
Let me tell you now this girl she's not mine  
She ain't my baby, she ain't my girl

Now she's in the magazines,  
On TV, making a scene  
Oh she's crazy, crazy in love  
And she's all over the news,  
Saying everything but the truth  
She's faking, faking it all

'Cause she wanted all my attention  
And she was dragging my name through the dirt, no  
She was dying for my affection  
But she got mad 'cause I didn't give it to her  
I'm talking to you

Maria, why you wanna do me like that?  
That ain't my baby, that ain't my girl

Maria, why you wanna play me like that?  
She ain't my baby, she ain't my girl

But she talking in and she needs to quit it  
But never this, all I know she's not mine  
That ain't my baby, that ain't my girl  
'Cause she's wildin out, what she talking about?  
Let me tell you now this girl she's not mine  
She ain't my baby, she ain't my girl

Why are you trying, trying to lie, girl,  
When I ain't never met you at all?  
Saying goodbye, but how could ya?  
You throw this, you throw this  
Your foolish seduces

Maria, why you wanna do me like that?  
That ain't my baby, that ain't my girl  
Maria, why you wanna play me like that?  
She ain't my baby, she ain't my girl

But she talking in and she needs to quit it  
But never this, all I know she's not mine  
That ain't my baby, that ain't my girl, no  
'Cause she's wildin out, what she talking about?  
Let me tell you now this girl she's not mine  
She ain't my baby, she ain't my girl

That ain't my baby, that ain't my girl  
She ain't my baby, she ain't my girl  
She ain't my baby, she ain't my girl  
She ain't my baby, she's not my girl
