

Old School Flow

Justin Bieber

Let me start off with the old school flow (2x)
Snap back, backpack, rat-a-tat, go
Swagger at the knapsack, who know I could rap that?
Tell me where the cash at I'll tell you where the smash at
Number one hits I got number one flicks and the number one kick
s and number one chicks
Fast like Gordan and my jams like Jordan and my Tims like Horto
ns and my jets all aboard in and my wheels are like a fortune a
nd it feels like extortion
Is it for the fame or for the fortune?
Like this, mic this so I can re-sight this
People in their basements say that I didn't write this
People say I'm white so I couldn't do it like this
Checks like Nike let me give you a good night kiss
Well I'm a little bit sick of it, listening to bickering like p
icking on a little kid like taking all his licorice
I hate it when they littering I hate to be illiterate
I literally am doing deeds, riddling
Cheese like Gouda and my soul like Buddha and Imma go right thr
ew ya and I'm so much cooler and I don't need Luda to know that
I'm the ruler and
I'm so much cooler you should call me Ferris Bueller.
