

Safe Space

Justin Bieber

I'll be your safe space
I'll be your safe space
Wanna take the pain away
Wanna take the pain away
I'll be your safe space (Yeah)
I'll be your safe space
Wanna take the pain away (Uh, uh)
Wanna take the pain away
(It's okay to feel pain)
(Phew)

You're movin'
Just stay right where you are
Just stay right where you are (Right where you are)
I'm open
You're more than enough
(I wanna listen, wanna listen)
I say a prayer (And I need it, uh)
I say a prayer (And I need it)
(To pray for you, to pray for you)

I'll be your safe space
I'll be your safe space
Wanna take the pain away (Mm, I do)
Wanna take the pain away (Mm, I do, take this pain away)
I'll be your safe space
I'll be your safe space (They thought this love was over)
Wanna take the pain away (Nah, oh-oh, we just gettin' started)
Wanna take the pain away (Let's go, let's go)
I'll be your safe space (Woo, oh, your safe space)
I'll be your safe space (Say a prayer, say a prayer)
Wanna take the pain away (Yeah, pray for it)
Wanna take the pain away (I'll say a prayer)
I'll be your safe space (Oh, ain't no pain, safe space)
I'll be your safe space (Jesus, please show your face, right where you are)
Wanna take the pain away (Please remind me that I'm safe, right where you are)
Wanna take the pain away (Don't wanna run away)
I'll be your safe space (Woo, safe space, take the pain away)
I'll be your safe space (Please remind me that I'm safe, and I'll say a prayer)
Wanna take the pain away (Take it away)
Wanna take the pain away
