

Somebody

Justin Bieber

Every time I wake up next to you I talk to God
And I'm so damn grateful 'cause you make up for the things I'm not
Didn't know I needed nothing till I needed you
In a world that's spinning it ain't easy letting go
8 billion people we're just looking for a hand to hold
Everybody's tryna find someone to hold on to

It's okay, it's okay
We all try to pretend that we're brave
When I'm weak, yeah, I'm strong 'cause of you at the end of the day

Everybody needs somebody (Everybody needs somebody)
Somebody to remind you that you're not alone
Who gon' defend you like an army (Defend you like an army)
And never let go (And never let go)

Everybody needs somebody (Everybody needs somebody)
Somebody to wake up to when everyone's gone
So if you need me then you got me (If you need me then you got me)
I'll be the shoulder you cry on
Everybody needs some-
Everybody needs somebody

Every time I look at you I'm looking at a star
It's the way you light up every room just being who you are
Didn't know I needed nothing till I needed you
Right before I met you I never believed in magic
But you stole my heart before anyone knew you had it
I know that you know what we got it don't come easy

It's okay, it's okay
We all try to pretend that we're brave
When I'm weak, yeah, I'm strong 'cause of you at the end of the day

Everybody needs somebody (Everybody needs somebody)
Somebody to remind you that you're not alone
Who gon' defend you like an army (Defend you like an army)
And never let go (And never let go)

Everybody needs somebody (Everybody needs somebody)
Somebody to wake up to when everyone's gone
So if you need me then you got me (If you need me then you got me)
I'll be the shoulder you cry on
Everybody needs some-
Everybody needs somebody
