

# Speed Demon

Justin Bieber

I don't really need a reason to stall you, that's all you  
Don't pretend I got a reason to call you, it's not true  
I only got a couple people to talk to, and it's not you (Yeah)  
And I don't even got the patience to argue  
So are you out of your mind?  
I got a lot of reasons to fight  
I got a lot of reasons to drive over you  
But I, I put my pride to the side  
I put my, I put my  
Never stop, had to take a turn and turn it into something that's new  
Say you miss me, wasn't missing, is it clocking to you?  
Wait and see 'cause it's something new and improved, yeah, yeah (Yeah)

Keep checking, uh, keep checking these chickens, uh, yeah  
And I go speed racing, speed racing for the record, uh, yeah  
And I achieve greatness, gettin' better by the second, uh, yeah  
And I go speed racing, we ain't finished, we ain't finished just yet  
Don't stress, don't stress it, baby, uh

I keep creeping, I keep creeping (Mm, yeah), uh  
A speed demon, speed demon, uh  
She keep dreamin', I can't see 'em, uh  
A speed demon, speed demon, yeah

They try to say I'm out of my mind (Mm-mm)  
But now they singing every line (Out of my mind)  
Uh, sing  
I got a lot of mountains to climb (Mm-hm, mm-hm)  
Had to leave some beggars behind (Yeah, mm)  
And there's something that's stronger than me  
That's paving me a new lane and giving me an energy  
And there's something in the way she made me certain I'm enough  
Everyday she put the loving on me  
And all the people that be doubting on me  
They gave me witness my redemption, now they up on my seat  
God, I'm clappin' their feet, uh  
Had to put my heart on my sleeve, uh, yeah

I said keep checking, uh, keep checking these chickens, uh, yeah  
And I go speed racing, speed racing for the record, uh, yeah  
And I achieve greatness, gettin' better by the second, uh, yeah (I'm getting  
better by, oh-oh)  
And I go speed racing, we ain't finished, we ain't finished just yet  
Don't stress, don't stress it, baby, uh

Fast forwarding 'til we find it, uh  
And press start, but then rewind it, uh  
In case you ever need a reminding  
That it keeps getting better, uh  
I've wandered by a million miles  
You already know what the time is (Okay, yeah)  
It's forever, forever ever, I said forever

Keep checking, keep checking these chickens, uh, yeah  
And I go speed racing, speed racing for the record, uh, yeah  
And I achieve greatness, gettin' better by the second (Oh), uh, yeah  
And I go speed racing, we ain't finished, we ain't finished just yet

Don't stress, don't stress it, baby, uh

I keep creeping, I keep creeping (Mm, yeah), uh, yeah  
A speed demon, speed demon, uh  
She keep dreaming, I can't see 'em, uh  
A speed demon, speed demon, uh  
I keep creeping, I keep creeping, uh  
A speed demon, speed demon, uh  
She keep dreaming, I can't see 'em, uh  
A speed demon, speed demon
