

THINGS YOU DO

Justin Bieber

I took out, mmm, when you came around, oh, yeah
You stood your ground, mmm, and that was attractive, oh
Do it like you do, drivin' me wild, every moment, oh
Let's go for a drive, I know that you like it, let's do it again
So do it again like you did when we were together, when we were together
Please just touch my back, oh, like you love to do, oh
The little things you do, oh, that drive, drivin' me crazy, oh-yeah
It's the little things you do that's drivin' me wild, so wild
Why does it always fall my day? Oh, my babe did it again (You did it again, did it again)
