

Feels like I'm stuck in place
I get frustrated when my mind goes
I get all tangled up
It's sorta unlike you with the slide show

'Cause in my head, it should've been easy
How come it ain't easy to let it go? (How come it ain't?)
'Cause in my head, it should've been easy
How come it ain't easy just to let it go? Mm

Okay, honey
I'm with you if you need
Okay, honey
I'm with you if you need

'Cause in my head, it should've been easy (Should've been)
How come it ain't easy to let it go? (Should've been easy, easy
)
'Cause in my head, it should've been easy
How come it ain't easy just to let it go? Mm (Just to let it go
, just to let it go)

Okay, honey
I'm with you if you need
Okay, honey
I'm with you if you need

Ooh-ooh (Oh-oh)
I'm with you if you need (I'm with you, baby)
Ooh-ooh-ooh-ooh (Oh-oh)
When you wanna cry alone
I'm with you if you need (Since you know it ain't easy)
Ooh-ooh-ooh-ooh (Oh, it ain't easy)
Oh-oh, yeah
I'm with you if you need
I'm with you if you need (Do-do-do-do-do-do)
I'm with you, babe
Yeah, yeah, yeah
