

YUKON

Justin Bieber

In the city, uh, remember you used to drive a Yukon, I'd pick u
p whenever you called

In the parkin' lot in Tucson, like, "Uh, are you with me?"

In the Phantom with the roof gone, I pull up like Jimmy Neutron
I can help you get a move on, like U-Haul, oh, and I know

Uh, you like to go slow, but we could go faster, tell me the pa
ssword (Uh)

Slide city, slide city, you know what that means, uh

I'm coming up on you quickly, mm, I bring nice things to you

Slide city, slide, can another man tryna get you in the bed

So when it gets lost and sick, I know it's gonna make you beg

What would I do (What would I do?), if I didn't love you, babe?

What would I do if I didn't love you, babe?

What would I do (What would I do?), if I didn't love you?

Mmm (Yeah), mmm

Just wanna be the one to give you what you want

I do what you want and you shouldn't run

Riding around town with your hair down, uh (True)

I know you like it when I tell you what you want

Give you back what you done and what you want

I can tell your friends if you don't want them, uh, uh, uh

Uh, you like to go slow, but we could go faster, tell me the pa
ssword

Slide city, slide city, you know what that means, uh

I'm coming up on you quickly, mm, I bring nice things to you (Y
eah, baby, [?])

Slide city, slide, can't another man tryna get you in the bed

So when it gets lost and sick, I know it's gon make you beg

What would I do, uh, if I didn't love you, babe?

What would I do if I didn't love you, babe?

What would I do (What would I do?), if I didn't love you? (What
would I, What would I do?)

Love you, love you

Love you, love you

Love you, love you

Love you, love you
