

## Legend

Justin Garner

Tattoo to my heart  
You would never leave me  
Straight to my heart  
No, you won't deceive me  
Love you like a brother  
Bet you're the sweetest thing I've ever tasted  
Sexy like a lover  
Come on now, I'll charge you baby  
I don't want to know  
If you know you're a legend, baby  
You're a legend, baby  
But to many girls I do  
You're a legend, baby  
You're a legend baby  
You're a legend baby  
You have my time  
I ain't too busy  
Let's take your time  
Easy like a river  
I stay on my mind  
I just want some of your attention, baby  
Come and you'll find  
Dancin' in the moonlight  
I don't want to know  
If you know you're a legend, baby  
You're a legend, baby  
But to many girls I do  
You're a legend, baby  
You're a legend baby  
You're a legend, baby  
You're a legend, you're a legend baby  
You're a legend, you're a legend, baby
