

# Runway

Justin Garner

It's time again for us to take flight  
Anywhere, any place you go  
Collision hearts is on the radar  
It's in the net  
The future is us  
The skies are perfect for love  
The weather makes it  
We'll be fine  
We'll just go  
Forget the times  
Hold my head  
Close your eyes  
Trust that when you fall  
We'll take flight  
If you need me  
You know I'm there  
But we got it girl  
We'll make it there  
Time to fly off the runway  
The runway  
Got to ge this  
Baby let's get away  
Get away  
Watch us go, go, go, go  
We'll fly away  
That's in love  
Bring me back to love  
Baby we're coming down  
My darling, flying on the runway  
Told me that you're scared to fly  
But I swear to you  
That I'll never die  
It's forever  
Hold my head  
Close your eyes  
Trust that when you fall  
We'll take flight  
If you need me  
You know I'm there  
But we got it girl  
We'll make it there  
Time to fly off the runway  
The runway  
Got to ge this  
Baby let's get away  
Get away  
Go, go, go fly away  
Back to love  
Back to love  
Back to love  
Fly on my runway  
And if we fall  
You know that I, I got you, you  
Off the runway, runway  
Got to get this one more shot  
Baby let's get away  
Get away

Fly on my runway  
Land on my runway
