

Two Rebels

Justin Garner

I look alone
Im a rebel
No one cares about me
Shorty no trouble
Hold me down
Some say Im a badass
Just because I want my way
Got the world for taken
Gonna take it before its too late
Just got to know If youre rollin with me
Be by my side
Take the past and youll see
Are you rollin with me?
Are you cool with me?
You know what you want girl in this world
We can take it on
No one can stop this love
We can be two rebelsrebelsrebels
We can be two rebelsrebelsrebels

We were born for each other
Finding this love was a feeling
Yeah we got it together
Only love has its way
Got a heart when I sleep
Aint afraid to let it be
Just got to know If youre rollin with me
6Be by my side
Take the past and youll see
Are you rollin with me?
Are you cool with me?
You know what you want girl in this world
We can take it on
No one can stop this love
We can be two rebelsrebelsrebels
We can be two rebelsrebelsrebels

But you are with them
It aint nobody to worry for you
We can take it on
No one can stop this love
We can be two rebelsrebelsrebels
We can be two rebelsrebelsrebels
