

Voodoo Doll

Justin Garner

It seems I've lost control
Man I really need to go
I can see the movie's in
I'm not that kind of dude
This ain't not rage
Not typical
Damn it girl
Cause all I need to know
Can I love you so?
He ain't no basic kind of liar, no
This one has my world
I can't stand it
Somebody, somebody who knows
Momma so sick
Got me like
I'm feeling like I just can't give up
Even if I messed it up
Falling ain't just enough
I'm feeling like I just can't give up
Even if I messed it up
Falling ain't just enough
Take what you want
Give me what I want right now
It's mine tonight
You gonna ride it tight
And I know you inside
Don't you got that voodoo doll?
I'm already thrown over board
Put me on life support
I can swim
I wanna win
Bring on the violins
She has my heart
Shake it like
Turn around I wanna bite
It must be magic
Cause I'm so blessed
She takes my breath away
I can't stand it
Somebody come and rescue me
From the gipsy
Love is heavy
I'm feeling like I just can't give up
Even if I messed it up
Falling ain't just enough
I'm feeling like I just can't give up
Even if I messed it up
Falling ain't just enough
Take what you want
Give me what I want right now
It's mine tonight
You gonna ride it tight
And I know you inside
Don't you got that voodoo doll?
Take what you want
Give me what I want right now
It's mine tonight

You gonna ride it tigh
