

Sweet Time

Justin Guarini

Haven't we done this once?
Let's not do this again
All I want is sweet time, babe
We said words that cut
Now it's gonna take some work
To get it back to sweet time, babe
You lost that love when you took that trip and went away
But what about the sweet time, babe?
What about the sweet time, babe?

Know it feels right when we're trying
And you know it feels good, too
So, come and lay beside me
Oh I need your sweet touch fixing everything
Remember how it feels
How I miss our sweet time
Refill the lost sweet time, babe

When you stare at the past
Do you even feel a loss?
I pictured this different, babe
I'm fighting so hard to hang on to the thought
Of future little sweet times, babe
Tell you what, I can go
How's that sound to you? Oh.
You'll say I miss our sweet times then
You'll say I miss our sweet times then

Oh I know it feels right when we're trying
And you know it feels good, too
So, come and lay beside me
Oh I need your sweet touch fixing everything
Remember how it feels
How I miss our sweet time
Won't you refill the lost sweet time, babe

Ooh. I need, I need, I need our sweet time, yeh.
Remember how it feels.
Oooh, I need our sweet time, sweet time, sweet time
Oh, I need our sweet time, sweet time, sweet time, babe
Remember how it feels.
