

## My Brother

Justin Hayward

My brother  
If you could cast a little light on someone  
It's not too soon  
You took me halfway round the world  
I'm running out of time and reasons

My true friend  
If you could tell me what it is that keeps you  
From coming down  
You left me way up in the clouds  
The higher you fly  
The less I see you

So far  
Cross a wild and windy sea  
So far  
That our voices are divided by an ocean  
An ocean

My brother  
If you could take a little time to slow down  
It's more your style  
It takes a lifetime to decide  
I'm running out of time and reasons  
I'm running out  
I'm running out

So far  
Cross a wild and windy sea  
So far  
That our voices are  
Divided by an ocean  
An ocean
